

Dear Parents and Carers,

I have recently been approached by several parents around whether school provides before and after school childcare. Currently, school offers a breakfast club from 8:30am and a variety of after school activity clubs at various points of the school year but no daily childcare provision.

We have been exploring the possibility of setting up a childcare provision in school with both morning and afternoon sessions. For this option to be possible, we need to gauge what level of uptake/interest there would be from families at Beal Vale. This provision would need to support itself financially and as such would be a paid service.

Looking at other local providers, a rough indication of costs and timings would be:

Morning session – 7:00am to 9:00am - £7.50 per day
 Afterschool session – 3:15 – 6:00pm - £12.00 per day

These times and pricings are subject to change based on interest but I wanted to give you an approximate idea of what is likely.

If this provision is of interest to you after Christmas please indicate this by returning the slip below.

Thank you for your support.
 G Ball,
 Head Teacher.

I would like to register an interest in the proposed before and after school provision for my child
 _____ in year _____.

I would be interested in (tick boxes):

Monday mornings		Monday After school	
Tuesday mornings		Tuesday After school	
Wednesday mornings		Wednesday After school	
Thursday mornings		Thursday After school	
Friday mornings		Friday After school	

Signed: _____
